READ—

The reports from the Commissioner in Sind and the Commissioners of Divisions on the administration of the local boards in the Bombay Presidency during the year 1908-09.

RESOLUTION.—In the year under review the number of district local boards remained unchanged. The number of táluka local boards however increased by one owing to the conversion of the Digri Mahál in the Hyderabad District into a táluka.

Number of boards.

2. The area and population of the boards remained unaltered except in Sind, where, owing to the constitution of the Digri Táluka Local Board and certain territorial changes which took place in the Hyderabad District, there were certain variations in the area and population of the tálukas of Tando Allahyar, Dero Mohabat, Nasrat and Sákrand.

Area and population.

3. Triennial elections were held in the Presidency proper in the districts of Kairá and Broach. In the latter the election was uncontested in most of the groups and but little interest was shown even where there was a contest.

Constitution.

4. In the Presidency 2,060 meetings were held during the year compared with 1,288 in the preceding year, 65 being adjourned for want of a quorum. The rule requiring half-yearly meetings was complied with by all district local boards except Ahmednagar, Sholápur and Karáchi. Eight táluka local boards in the Northern Division, fourteen in the Central Division, five in the Southern Division, and six in Sind failed to hold the prescribed number of meetings. In all the Divisions business was transacted, wherever necessary, by the circulation of papers among the members under the provisions of section 34 of the Bombay Local Boards Act, 1884. There was some improvement in the average attendance of members in the Northern and Central Divisions and Sind, but there was a slight falling off in the Southern Division. The Governor in Council regrets to record that in some cases none of the meetings held by local boards was attended by the Assistant or Deputy Collector. He considers that these officers should make a point of attending at least two meetings of the boards over which they preside in order to keep in touch with local fund administration in their charges.

Meetings.

5. The total income of the boards increased from 64 lákhs to nearly 65 lákhs in the year under review.

Income.

The following statement compares the receipts under the principal heads of revenue with those of the preceding year:—

	1908-09.	1907-08.	Increase.	Decrease.
		(Rupees in thousands.)		
Land Revenue	1,53	1,04	49	...
Provincial Rates	29,30	30,46	...	1,16
Interest	16	16	...	...
Police	1,10	1,33	...	23
Education	1,80	1,69	11	...
Medical	12	16	...	4
Scientific and other minor Departments ...	35	34	1	...
Miscellaneous	98	37	61	...
Civil Works	5,95	4,96	99	...
Contributions	22,93	23,17	...	24

The outstanding feature of this statement is the large increase under "Land Revenue" which is due mainly to increased receipts from fees for building materials, such as sand and stone, in the Thana District, testifying to the great activity of the building trade in Bombay and its neighbourhood. Other noticeable increase occurs under "Miscellaneous," due to refunds by the Public Works Department of overcharges and under "Civil Works." Tolls are the largest item in the latter head the figures under which were swollen by an adjustment from Provincial to Local in the Belgaum District where the proceeds of a toll bar had, for a number of years, been wrongly credited to Government. Owing to the policy recently inaugurated of the abolition of tolls on provincial roads, which the local boards have adopted wherever the state of the finances permit, it is likely that tolls will be a source of diminishing revenue in future years.

Incidence of income per head of population.

6. The incidence of income and taxation per head shows no material variation from last year's figures of 5 annas 11 pies and 2 annas 10 pies.

Expenditure.

7. The total expenditure of the boards amounted to 67 lákhs against 62½ lákhs in 1907-08.

In the following statement the outlay under the several heads is contrasted with that of the preceding year :—

	1908-09.	1907-08.	Increase.	Decrease.
		(Rupees in	thousands.)	
Administration	1,60	1,48	12	...

Stationery and Printing	13	15	...	2
Miscellaneous	77	72	5	...
Civil Works	36,01	33,61	2,40	...
Contributions	1,55	1,66	...	11
Debt	75	38	37	...
Interest on Debt	5½	6	½	...

8. The important variations in the above figures are noted below :—

Education.—It is satisfactory to find that the notable increase under this head is shared by all Divisions, and is evidence of progress in all directions. New schools were opened in rural areas almost everywhere, West Khandesh alone contributing 12, while in the Southern Division the number amounts to 19. School establishments were revised, and the minimum pay of teachers was everywhere raised from 7 to 9 rupees a month. Increased provision was made for expenditure on equipment, and free scholarships were given in larger numbers. A complaint comes from Belgaum that the supply of trained female teachers is far below the demand, only 8 of the 23 schools being conducted by trained mistresses. When the recently established training College for female teachers at Dhárwár begins to send out trained mistresses, this state of affairs will gradually be remedied.

In allocating the resources at their disposal the boards are not unmindful of the claims of industrial education. Thus the Technical School at Dhulia was re-organized on a more practical basis at considerably increased expenditure; in Belgaum the six carpentry classes were well reported on and the weaving class continued to make progress. The weaving class opened at Kárwár has been handed over to the management of a private firm who receive a subvention of Rs. 600 a year on the understanding that 45 boys are trained annually.

9. *Medical.*—Progress continues to be made in the provision of medical aid in rural tracts, and the year's record includes the establishment of two new dispensaries in the Karáchi District, the construction of a new dispensary building at Málvan in the Ratnágiri District, and the entertainment of additional establishments at the Málvan Dispensary and at the Leper Asylum at Ratnágiri. In Supa Petha of the Kánara District two travelling dispensaries were discon-

tinued and instead of them stationary dispensaries were opened at Manchikeri in the Yellápur Táluka and Kumbharwada in the Supa Petha.

In the malarious tracts of Kánara the local board continues to co-operate in mitigating the effects of malaria. Rs. 300 were assigned for expenditure on this account, the agency employed in the distribution of quinine being the village school masters and village officers.

10. *Civil Works.*—This head shows a net increase of about Rs. 2,40,000 which was distributed over all Divisions, the Southern Division and Sind being together responsible for nearly 1¾ lákhs. The aggregate charge under this head in the whole Presidency including Sind represents 52 per cent. of the total expenditure of the boards against 53 per cent. in the preceding year. The following statement compares the charges under the various sub-heads with those of the preceding year:—

As usual the largest expenditure was incurred on "Communications", the total amount expended thereon having exceeded that in the previous year by Rs. 98,000. In Ahmedabad, Panch Maháls and Broach certain roads were metalled at great cost. In Kaira the board completed the first section of a road connecting Mátar and Cambay and in the Panch Maháls the construction of a new road from Dohad to Kandanpur was taken in hand. In Surat some 70 per cent. of the total expenditure on Civil Works was devoted to the maintenance and construction of roads. In Thána Rs. 42,000 were spent on the construction and widening of certain roads, while half of the special Government grant of Rs. 32,000 was allotted to forest roads in the district. In the Central Division the expenditure on communications decreased by Rs. 1,20,000 in East and West Khándesh and Poona, but the falling off was in great measure neutralized by increases in other districts, particularly Sátára, which spent Rs. 71,000 more on roads than in the previous year. In the Southern Division the boards spent on Civil Works Rs. 80,000 more than in the preceding year. The districts of Belgaum, Bijápur and Ratnágiri contributed to the increased expenditure. The greater part (63·9) of the outlay was devoted to the construction and maintenance of roads. In Belgaum and Dhárwár the construction of and repairs to certain roads were undertaken. The construction of the Bádámi-Madkavi and the Bilgi-Konnur roads was continued during the year by the Bijápur Board. The Kánara Board constructed a new small road and repairs were undertaken to roads, bridges, culverts and drains at a cost of Rs. 31,000; four new dharamshálas were erected and two existing ones were improved. In Sind the expenditure on the improvement of communications rose from 4 lákhs in the previous year to 4¾ lákhs. The increase occurred in all districts except Sukkur where there was a decrease of Rs. 46,000. The number and mileage of the roads constructed in Karáchi and Hyderabad was 10 and 89 respectively.

11. The expenditure on "*Water-supply and water-works*" also showed an increase of Rs. 41,000. In the Northern Division the boards spent nearly 1¾ lákhs on constructing new wells and tanks and repairing old ones. In the

Central Division the charges on account of water-supply rose by Rs. 15,000, the increase having occurred principally in Násik and Ahmednagar and to a smaller extent in Sátára. In the Southern Division 36 new wells were sunk and several old wells and tanks were repaired or deepened. The construction of a dam at Neral, which was commenced in 1907-08, was completed during the year of report. In Sind 24 new wells were constructed.

12. *Miscellaneous works.*—New school-houses, dispensaries, dharamsháls, inspecting bungalows and Veterinary dispensaries were constructed in several districts during the year, while a small but significant increase of expenditure under arboriculture testifies to the interest devoted to the maintenance of shady trees along roads.

Balances.

13. The appended Table A shows the opening and closing balances of the boards of the different districts in each Division. The closing balances of the boards in the Presidency amounted to 29¾ lákhs against 32 lákhs in the preceding year. In the Northern Division the accumulation of Rs. 8,89,000 exceeds those of the previous year by Rs. 21,000 and amount to more than double the total minimum balance prescribed for that Division (*viz.*, Rs. 3,28,000). In the Central Division the closing balance (Rs. 8,20,000), though somewhat less than that of the previous year, is also more than double the total minimum balance (Rs. 3,39,000). In the Southern Division the closing balances of the several boards, as compared with the prescribed minima, are still much in excess, but they were less in all the districts except Dhárwár in the year under report than those of its predecessor. In Sind there has been some improvement but the closing balance (Rs. 6,69,000) is still 13 times as large as the total minimum balance prescribed for that province. In all districts except Broach the balances are much in excess of the prescribed minima. The reasons for the excess are attributed to the surrender of allotments by the Public Works Department owing to their being unable to complete the works budgetted for, the inability of the boards to get the works executed before the end of the year owing to high rates and scarcity of labour and to unexpected receipts due to the recovery of arrears of land revenue. Provision has been made in supplementary budgets for utilizing these balances. In several cases the balances are being accumulated for expenditure on large works of public utility, such as the construction of roads, etc. The district boards of Bijápur and Dhárwár propose to pay out of their balances contributions of Rs. 50,000 towards the improvement of the water-supply of those towns.

The proper utilization of large balances at the disposal of local boards presents a problem of some difficulty. It is clear that accumulations, due for the most part to unexpected windfalls, cannot be expended on works involving large recurring expenditure, such as metalled roads, which require constant attention. This condition does not however apply with equal force to expenditure on water-supply, and it is possible that by concentrating large sums on particular tracts where the deficiency of water is most felt, much might be done to mitigate the hardships suffered in rural areas where water is scanty or scarcely potable.

General Remarks.

14. The year has not been marked by any new departure in local board administration. The satisfactory expansion of revenue and the increased expenditure on education, civil works and other useful objects points however to much quiet activity in improving the conditions of rural life. In the Northern Division improvement of communications and more especally perhaps the improvement of water-supply must demand continuous attention.

The finances of the boards of the Central Division are gradually recovering from the effects of a series of poor years. The East Khándesh and the Sátára boards are already in a flourishing condition, but the remaining boards have at their disposal little more than is necessary to meet the recurring expenditure to which they are already committed. Government notice with approval the endeavours of the Commissioner to revive the interest in the planting of roadside trees.

In the Southern Division the finances of the boards vary. Extensions and improvements to communications are greatly required in Ratnágiri and Kánara. The resources of the latter board are extremely limited mainly on account of the wide extension of the forest area from which the board draws no income. The suggestion that part of the forest income should be ear-marked for local expenditure will be further considered by Government.

Works Committees have been appointed by almost all boards and with some regrettable exceptions have generally performed their duties efficiently.

15. Copies of the Resolution should be submitted to the Secretary of State and the Government of India and should be forwarded to all Commissioners and Collectors and other officers and Departments concerned.

L. ROBERTSON,
Secretary to Government.

* The discrepancy between these and the last year's figures (shown in Statement No, III Col. 98) is explained as below :—
Rs. 2-10 8 and Rs. 28 were erroneously credited respectively to Khed Veterinary Dispensaries instead of to the District Board and Taluka Board, Purandhar, respectively. Rs. 87 have been added to the Educational and the total balance as per instructions conveyed in the Accountant General's letter No. B. K.-616, dated 4th January 1909.

The difference of Rs. 2,306-8-6 in the closing balance of the last year is due to figures affected owing to the submission of 3rd March final for 1907-1908 which had to be submitted in January 1909.

‡ Closing balances for the year 1907-1908, *i. e.*, Rs. 46,095-6-3 and Rs. 1,01,408-5-0 have been reduced by Rs. 325 by an adjustment in the Accountant General's Office (*Vide* his No. B.K.—509, dated 23rd October 1908) on account of remission to the Toll Contractor of Mohol, Pandharpur road, hence the differene of Rs. 325 to the opening balance for the year 1908-09. The amounts after deduction of Rs, 325 come to Rs. 45,770-6-3 and Rs. 1,01,083-5-0 respectively.

§ The discrepancy between this and the last year's closing balance is due to subsequent adjustments made in all the districts in the Central Division except Násik.
